

## **HighPoint RocketRAID SATA and SAS Drivers Incorporated into Apple Mac OS X Snow Leopard Installation DVD**

Milpitas CA (August 28, 2009)- HighPoint Technologies is the global market leader in providing comprehensive and robust ,multi-port SATA and SAS RAID controllers for all generations of the Apple Macintosh platform. We are proud to announce a milestone achievement of incorporating the RocketRAID SATA and SAS drivers into Snow Leopard installation DVD.

### **Out of the Box eSATA Ready for Snow Leopard**

Before the release of Snow Leopard, USB and Firewire were the only Mac friendly connectivity interfaces for external storage. However, HighPoint breaks through this barrier by incorporating the RocketRAID SATA and SAS drivers into the Snow Leopard installation DVD thus introducing **Out of the Box eSATA Ready Support for Snow Leopard.**

### **RAID Protection and Performance**

There is an increasing need to secure data as drive capacities increase. All HighPoint RocketRAID SATA and SAS RAID controllers are configurable to protect storage against drive failures while enhancing performance with HighPoint's robust redundant RAID technology.

### **RocketRAID Snow Leopard Ready Controllers**

In 2007, HighPoint released a dedicated website for Macintosh users called HPTMAC.com. HPTMAC.com introduced the Macintosh platform search engine that recommended a RocketRAID SATA or SAS Series RAID controller for their Apple Macintosh platform. The HPTMAC site was updated to indentify the RocketRAID Snow Leopard Ready Controllers, it includes downloads for Snow Leopard software, a Snow Leopard upgrade guide and a new Snow Leopard forum to let user submit Q and A.
